

## WAKE UP!

---

In chapters 12 and 13 of his letter to the church in Rome Paul has been telling us all about love. If you want to know what it's like to live 100% for God — and in the light of all we've learned from chapters 1 to 11 nothing less will do — love is the one word that sums it up. Get love right and you'll have it all sorted. Christians should love everybody all the time.

◆ We mean to love people — we know we should — but we keep getting it wrong and we're very slow to make progress. What are the excuses we commonly make?

◆ Explain what Paul means by “our salvation” (verse 11).

◆ Explain what he means by “the day” (verse 12).
